## 73 MEN, 12 BOYS TAKE TESTS AT STAR JUNCTION

**Former Are All Employees of Washington Coal & Coke Company.**

### DR. HOFFMAN A JUDGE

A class of 73 miners employed by the Washington Coal & Coke Company and 12 boys from the Star Junction schools took the examinations for first aid and bureaus of mine certificates at Star Junction Tuesday. The class was examined by Dr. D. J. Parker and Dr. Zorn, representatives of the United States Bureau of Mines. The class also took the tests for Red Cross certificates, this being conducted simultaneously with the mine examination. The Red Cross tests were in charge of Dr. R. S. Martin of Star Junction.

The examinations were held in the Community Hall and were witnessed by many persons. Every man passed satisfactorily and practically all the ordinary dressing in first aid work in connection with injuries received about the mines was demonstrated.

Following the examination there was a social entertainment in the hall and a number of addresses were made. M. M. Cochran, president of the company, commented the men for their loyalty and said the success of the company was due to their cooperation. Mr. Parker and Mr. Zorn and Dr. John D. Milligan also spoke. After the exercises the class and invited guests were taken to the Methodist Episcopal Church and were served dinner by the women.

Dr. H. C. Hoffman of Connellsville and Dr. Milligan, former chief surgeon of the Pittsburg & Lake Erie Railroad, were judges in the examinations. K. E. Showalter, secretary of the Dickenson Run Y. M. C. A., was secretary for the examiners.

Each year a class of the older boys of the Star Junction schools selected by the principal of the school is given the course of instruction by Dr. J. L. Cochran of Connellsville, who also instructs the Washington Coal & Coke Company men. At the time of the examinations, the boys are all so given the same questions. They are not awarded Bureau of Mine certificates but are given Red Cross certificates.

Among the invited guests at the affair were Dr. H. C. Hoffman, Attorney H. George May, Attorney R. S. Matthews and W. D. McDonald all of Connellsville; Dr. Harry J. Bell of Dawson; Dr. John D. Milligan of Pittsburgh; and Harry M. McDonald, general manager of the Washington Coal & Coke Company. These men together with the examiners and judges were guests of M. M. Cochran at a 6 o'clock dinner at the Junction House.

The oldest man taking the examination was Charles Moyers, who is 52. He is also the oldest in the point of mining. Only 21 of the applicants are unmarried and most of these are less than 21 years of age.

The range of experience in the mines is from one year to 37. Every man in the class born in Europe has been in America for a period of from nine to 12 years.

### Morgantown Field Operators to Put Cut Into Effect

By Associated Press

MORGANTOWN, W. Va., March 29.—The board of directors of the Morgantown Coal Association, controlling 65 operating mines along the Monongahela river in West Virginia, at a meeting held Tuesday afternoon, reached an unanimous decision to enforce beginning April 1, the wage scale adopted at a meeting held in Pittsburgh on February 1. This scale is comparatively the same as that now in force in the non-union districts in Pennsylvania. W. D. Watson president of the association, announced it is 30 per cent below the present scale.

All employees will be given an opportunity to work on the new basis. Mr. Watson said: "The scale refuses to recognize that check-off." The organization dispatched letters to John L. Lewis, international president of the United Mine Workers of America, and to C. Frank Kenny, president of District No. 17, formally announcing its formation and pointing out it is in no way connected with the Northern West Virginia Operators Association.

CHARLESTON, March 29.—A scale which operators declared was approximately that of November 1917 was adopted today by the Kanawha Coal Operators' Association effective April 1.

Mr. Hayes 90 Years Old.

Mrs. Barbara H. Hayes was ninety years old yesterday and following the usual custom for many years the happy occasion was celebrated with a party, held this year at the home of her son, Martin A. Hayes of this city. Mrs. Hayes enjoys good health and is keenly interested in current events. In addition to Martin W. Hayes she has two sons, Dr. W. D. Hayes of Greensburg and George Hayes of Wilkinsburg.

### SEVERAL BUILDINGS DAMAGED BY LIGHTNING BOLTS AT SCOTTDALE

Special to The Courier  
SCOTTDALE, March 29.—During the electrical storm last night at 10:30 o'clock a bolt struck the wires leading into the tailor shop of Peter Gentile, at Pittsburg and Spring streets, tore out the combined gas and electric lighting fixtures and ignited the gas. The fire department was called.

Across the street lightning struck a chimney on the building of the Scottdale Savings & Trust Company, hurling bricks into the street, and putting out the lighting system in the building. A bolt also blew out the lighting fixtures in the studio of Photographer H. J. Springer. One of the projection machines at the Arcade Theatre was reported to have been burned out.

The electrical disturbance was accompanied by a heavy fall of rain. Connellsville was visited by a lightning and thunder storm last night during which there was a heavy rain. No serious damage by lightning in the immediate vicinity of the city was reported although once it started the fire whistle blowing.

There was a heavy rain for a spell but towards midnight this also ceased. It was the first electrical storm of the spring. Grass lawns and other early vegetation bore a freshened green appearance this morning.

### John A. Bell Not To Be Candidate

PITTSBURG, March 29.—John A. Bell of Carnegie will not be a candidate for the Republican nomination for United States senator he stated last night.

Mr. Bell's decision made public a few hours after the announcement was made that Congressman M. Clyde Kelly had given up the idea of becoming a senatorial candidate and will seek re-election to Congress in the 33rd District leaves Major David A. Reed of Pittsburgh without opposition as a candidate for the seat in the United States Senate now held by Senator William L. Crow, who some time ago announced that he would not enter the primary campaign.

### New Men Are Put to Work In W. M. Shop

By Associated Press

CUMBERLAND, March 29.—It was admitted by the Dixon Construction & Repair Company, Western Maryland railway shop contractors whose employees are on strike that day, strike breakers were brought in this morning. Cooking ovens are established at the shop and the men live in camp cars. The company will continue to attempt to hire men until the 600 vacancies on the division are filled.

The strikers admit strike breakers got by their pickets. They also say the company brought in nine additional special helpers today. The shop guard has been increased. Seven old employees who have continued to work reported they had reached anonymous measures to stop or violent methods would be used on them.

HAGERSTOWN, March 29.—Investigation into disorder in the Western Maryland yards here, just in which a striker was shot in the leg was being conducted today. It was the first disturbance attending the walkout of the shop workers and maintenance of way men in protest against the contract system recently put in operation by the railroad.

It is alleged that a number of strikers were fired without warning late in crowd of strike and sympathizers.

Railroad officials denied they have asked for troops. They state troops were running as usual and traffic had not been hampered.

SLAG DUMP MEN CLEAR WESTERN MARYLAND WRECK

DICKERSON RUN, March 29.—Lightmen employed in the slag dump at Vanderhill were brought to Dickerson Run Tuesday morning by truck. They were taken aboard a work train for Olympia to clear away a Western Maryland freight wreck near that place.

A stretch of track was torn up by a derailment Sunday.

### Many Arrests For Failure to Secure Licenses

By Associated Press

A number of persons were given hearing before Abram Fred Stark last night on charges preferred by Deputy Game Warden S. V. Faison and Constable John Jones for not securing licenses for their dogs. Thirty-five arrests have been made by these officers in Connellsville and surrounding towns. Informants were made up for the payment of a fine as tax on each canine.

The defendants were fined \$5 each and paid the amount of the fine. The officers say the arrests were only the beginning of a campaign against those dogs, and the new law provides for instead of officers shooting unlicensed dogs the owners will be prosecuted by police.

**What every mother  
should know—**

**T**HE one subject nearest a mother's heart is the welfare of her children. It is during childhood that their health is most important.

Weak, under-nourished children seldom develop into vigorous, healthy men and women. Malnutrition produces anemic constitutions, liable to many diseases. **Food is the most important factor in the development of children.**

An interesting fact to every mother in America is this: Grape-Nuts, served with milk or cream, is a complete food. Grape-Nuts is

the wholesome, delicious cereal made of whole wheat flour and milled barley. It is rich in nutritive mineral salts that supply strength and nourishment to the growing body tissues. Your children will thrive on it.

Begin today to make Grape-Nuts, with milk or cream, the regular breakfast dish—not only for the children, but for you and the others as well!

Your grocer sells Grape-Nuts, the same delicious Grape-Nuts that is served in the leading hotels and restaurants of America.

The cost of Grape-Nuts is little—because of the large number of dishes you can serve from one package.

WEDNESDAY EVENING, MAR. 29, 1922.

WHAT IS BEING DONE FOR  
DISABLED VETERANS.

Some of the most determined opponents of adjusted compensation for the veterans of the World War have tried to make much of the claim that the government is doing next to nothing for the disabled soldiers.

Statements in support of this contention are not being made because of a genuine interest in helping to promote the welfare or alleviate the suffering of those for whom the war will never be over. They are made for the purpose of creating the false impression that the republic has not shown its gratitude for the veterans suffering from physical or mental wounds, and to create a sentiment unfavorable to the enactment of a compensation measure. Moreover, such statements are made without a knowledge of the facts relating to what the government is doing for the disabled veterans. A summary of the several forms of aid the government is providing is given in the following issued by the United States Veterans Bureau:

1. Paying out over \$1,000,000 in cash ex \$33, including \$2 a day direct to the hands of the ex-service man or his dependents.

2. Providing, without cost, hospital care and treatment to 21,000 veterans. This care is had and board and lodgings, and represents an expenditure of the sum of \$1,000,000 per year.

3. Giving to the disabled, without cost, to over 300,000 disabled ex-service men in a expenditure for full or part supervision of \$30,000,000 per annum.

4. Making up \$10,000 checks every month representing over \$100,000.

5. Conducting, in private business for over 100,000 disabled ex-service men in a expenditure cost of \$1,000,000. It is run in at \$3,000,000 per year.

6. Conducting over 50,000 medical examinations every month.

7. Giving out to the disabled, in a generalization, a grant to 20,000 ex-service men every month.

8. Providing, at no cost, over 21,000 disabled men with supplies in carrying out their work.

9. Requiring for the disabled to be fit for a job, except minimum \$3,000,000 more than can be spent in the work of the disabled.

10. Encouraging the disabled to apply for a pension in the way of the disability pension.

Study of these items by every person willing to know the truth, will cause them to come to the conclusions they have concerning what the government is doing to help the disabled. Friends and letters to those who care on these bodies, the ineffable scars of war. The one study ought also to make plain that in wartime, compensation to the soldiers who escaped bodily injury not a single penny will be withdrawn from the several funds now being applied to care for the disabled in making them to return some form of useful and comfortable activity.

Everybody must be in mind that license to follow their favorite pastime, the coming of spring, but that will suit him as well as most people particularly those of the greater sex, prefer to wait until the first frost, dropping new life, before this seed.

The Senate can show this is intelligence once in a while, but it is placing a limit or delay of the naval limitation treaty.

April Second.

scribes to the world in a manner that has been the peak of us in the matter of the naval limitation treaty. The naval limitation treaty is a matter of great importance, but

and a few weeks ago, when he was in the tub, with the other day, he said, "I am not going to be a part of this war." He was right, but he was not alone. Many others, including myself, thought that the time had come for the United States to enter the war.

Church Must Fight  
Disrespect of the LawPresident Harding in Address to  
Bible Class Calvary Baptist  
Church, Washington D. C.

There is a good deal of loose talk nowadays about the cause of the spiritual demoralization of the community which it has become popular to attribute to the abnormal conditions that were incident to the war. But in fact the war is not wholly to blame. Before the war started or was dreamed of we were already realizing the tendency toward a certain moral laxity and a shifting of standards, a weakening of the stern old fibers.

I think we should do well to recognize intellectual and moral evolution of the community. It would be a grievous error to allow ourselves to feel too confident that this is only a temporary and passing aspect.

Take for example the matter of regard for the law. Without giving too much weight to alarmist expressions we must nevertheless recognize that there is a very apparent tendency to a lighter and more frivolous view of the citizens' relations to both the State and the church. We can hardly hope for a restoration of the old ideals in religion and in moral conduct so long as this tendency to disregard the law shall continue.

It is absolutely essential to the maintenance of a secure society and to the attainment of proper moral plane that the law should be recognized as sacred and supreme. It should have its back and mission in its support every element of the community that realizes the desirability of sound, secure and stable institutions. Disregard of one statute or ordinance may breed a lack of respect for the law in general. This tendency is obvious and ought to give the deepest concern to people who have seen in this world the foul results that may flow from the breakdown of respect for the social fundamentals.

Whatever breeds disrespect for the law of the land in any particular department of our community life is a force tending to the general breakdown of the social organization.

If people who are known as leaders

as directing influences as thoroughly respected and respectable members of communities become known for their indifference of some part of the code of law then they need not be taken seriously by others, and that the example is followed by others with the result that presently the law in general comes to be looked upon as a set of laws and unenforceable restraints upon the liberty of the individual. Our only safety will be in maintaining an attitude of respect for the law as on the whole the best expression that has been given to the core aspirations and no purpose of the community unless we can accomplish that in the name of citizenship and thorough sustainment we may well feel that the outlook is not encouraging for the development of those original purposes to which the church is dedicated.

### Pennsylvania Leads Union in Vocational Work

By Associated Press.

HARRISBURG, March 21.—Pennsylvania leads all states in the United States in instruction in vocational agriculture, the State Department of Public Instruction reported today in a summary of developments in agricultural education in the state since it was inaugurated on March 1, 1912.

The 1921 report of the Federal Board for Vocational Education, the department's spokesman, shows this state has 125 schools offering instruction in vocational agriculture with Texas second with 98 schools and New York third with 84. Pennsylvania's enrollment is the largest, with 5,000 pupils, and Missouri is second with 1,932 and New York third with 1,829.

The pupil cost of agricultural education in the state last year, the department says, was \$57,000. Seventy-seven teachers were employed.

### At the Theatres

THE SOISSON

"SERENADE," a First National picture, starring Miriam Cooper, is the feature picture today and tomorrow at this theatre.

It is a colorful Spanish drama, with Miriam Cooper and George Walsh playing the leading roles. The fact that these talented artists are in the cast is sufficient proof of the excellence of the production, but it possesses many other points of appeal. There is not a dull moment in it, the settings are scenic masterpieces and the direction masterful.

Miriam Cooper plays the part of Maria del Carmen, a señorita, who is loved by Pancho, the son of the governor of the Spanish province, played by Walsh.

Nightly Pancho would stand beneath the window of the bewitching Maria, and softly sing love serenades, while on the balcony above stood his love, smiling dreamily of romance, but a band of invaders overthrew the government, and the peace which had marked Magdalena for many years was shattered. Ramon, the son of the new governor, cast envies on Maria; Spanish hate was engendered and the two cavaliers met in a deadly combat.

But eventually the invaders were driven out and love reigned.

The supporting cast has been chosen with care and discrimination, and the entire production is excellent.

THE PARAGON

"HOME STUFF" is a Metro picture, with Viola Dana, the charming star in the leading role.

Viola Dana stars in this picture and lives up to the reputation she has already earned for brilliant impersonation. We have seen her in different pictures, and while we liked them all, we are frank in saying that she is best in "Home Stuff."

As Madie Joy, the leading actress who finds herself stranded with an unimportant traveling show, Viola Dana is convincing. Madie plans to return to New York, but a series of circumstances brings her a home with visitors, who take her in at one of the "laid-back" hotels. The actress decides to forget the stage and settle down to a quiet life. She loves a young farmer. Then enters a bawling company of actors, and a little runaway girl who turns out to be the daughter of the people who took Madie in. The development is packed with excitement.

Prater is due Albert J. Kelly for the direction of this Frank Laverne-Arthur Johnston picture, which was photographed by John Arnold, with art work by A. F. Menken. Also to the supporting cast, which includes Tom Halligan, Jeannine Crowley, Nelson McDowell, Fredette Parker, Robert Chetton, Alice Manning and Ethel Chapman.

The picture will also be shown to-morrow.

THE ORPHEUM

"THE IDEAL OF THE NORTH" the leading attraction today and tomorrow at this theatre, presents Dorothy Dalton in the stellar role.

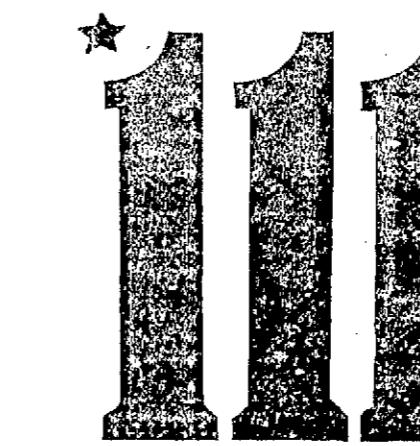

Miss Dalton plays Colette Brisse, daughter of a French-Canadian miller, who fled to the wilderness to escape arrest for having killed a man. She is left without father and mother in a mining town built up over night and obtains a position in the Aurora Saloon, a saloon and dance hall of the town. She soon becomes one of the biggest "drawing cards" of the saloon and plays numerously with the miners, "trimming" them for all they are worth, but still remaining the most desired of all the girls.

In the dance hall he meets Martin Baker, a young engineer who has come from New York after a series of financial difficulties, and who first becomes a waitress' blunder. In order to get even with the way she has treated him, the miners force her to marry Baker. After the first shock, Baker decides to make a man of him. After many incidents of dramatic interest she succeeds not only in regenerating Baker but also in winning his love.

### Climax of City League Reached Tonight; Tie in Either First or Second Place Certain to Result

St. Vincent and Unity Fraternity Will Play Deciding Contest.

#### GREAT CROWD EXPECTED

By James A. Driscoll,  
Sporting Editor.

The climax of the City League basketball season will be capped tonight by a game at the Parochial Hall between the Unity Fraternity and St. Vincent. If no team gets into the running for second place with a victory and St. Vincent has the tie for first position with the Catholics awaiting them provided the game is tied at the half whistle, the game will be held throughout.

The Catholic boys have been taking particular care of themselves during the past week in order to be prepared for the clash. The team feels that it can win over the wearers of the green but is far from being over confident. The Iowans' passers have shown some real ability on the door this season and playing at their best tonight they claim to be stronger than their opponents.

St. Vincent takes much the same attitude. The team is not to win but like the Fraternity is not bungling over the prospect. There is no favoritism, although the card established this season by St. Vincent gives that aggregation the edge.

The greater part of the population of Connellsville is expected to attend to back its team to the end. The Fraternity will have local backing and boosters are not to be lacking. The Catholics will be interested spectators as to the outcome either means all honors to them or a tie.

The style of play of the two teams is very similar. St. Vincent should not improved passing having played together this year much more than the Fraternity and in the half in which he practices.

The clash is the final one on the City League schedule. Preceding it the Trotter quintet and the American Legion live will come together. If Trotter defeats the former soldiers and their victory is followed by one by the Unity Fraternity three teams—St. Vincent, Trotter and Fraternity—will all be tied for second place. The games will be played at the Parochial Hall and the Trotter-Legion due will come off first.

#### Meyersdale Firemen Arrange Boxing Show For Night of April 3

Special to The Courier.

MEYERSDALE, March 29.—W. Miller and L. B. Bradbury of the amusement committee of the Meyersdale Fire Department have completed arrangements for one of the greatest boxing tournaments ever held in Somerset county. Real talent has been engaged for the event, which will take place at the Firemen's Casino on Large street Monday evening, April 3.

There will be 18 rounds of first-class boxing the preliminary bout of four rounds being between Battling George (122 pounds) of Garrett and Kid Walters (130 pounds), of Mount Savage, Md. The semi-final will be between Fighting Graham, 135 pounds, of Boynton, and Tiger Folk, 138, of Wilmington, Del.

The main bout will be between Kid Yutzy, 110 pounds, of Garrett and Lutz Penner, 127 pounds, of Cumberland, Md. In his last fight Yutzy knocked out Kid Miller in four minutes while Penner has won four fights by knock-out.

#### Owensdale Ball Club Organized

The Owensdale Baseball Club has been reorganized for the season of 1922 and would like to book games with first-class teams. Managers desiring games are asked to write to Frank Martynski, Owensdale. Last year the club which will have practically the same line-up again won 20 of 31 games played.

Officers of the club are President Frank Martynski, vice-president Joe Smith, secretary Robert McGill. The president and vice-president are acting as captain and manager.

The club expects to get started about May 1.

#### CAPSTAN WINS OVER MOUNT PLEASANT INST. FIVE; SCORE, 29-22

SOUTH CONNELLSVILLE, March 29.—The Capstan basketball team won a hard-fought game last night against the Capstan boys from the Mount Pleasant Institute tour by the score of 29-22. The game was up and down the whole way through the course. Leaned a number of times especially in the end of the game, and it looked as though the game would have to go on extra five minutes to decide the winner when Bushay, Capstan's star, pulled his team out of the tie. When the final whistle blew the score was 21-21 at first. Trevor Smisko was the heavy score for his team scoring 12 points.

The score: Capstan-29 Institute-22.

## U.S. HAS GARDEN OF FIREWORKS

World's Most Active Volcanic Region Is in Alaska.

### MOUNT REDDUB BREAKS OUT

It forms, so far as known landward end of chain of volcanoes which stretches along Aleutian Islands for 1,200 miles and which have been spouting fire at intervals for hundreds of thousands of years. Chance to solve stubborn problems.

"The wailing of activity of Mount Redoubt in Alaska just reported by wireless and cable services to remind the people of the United States that in the Alaskan peninsula and the Aleutian Islands which sweep from it almost to Asia they possess one of the most extensive and most active volcanic regions on the face of the earth," says a bulletin issued from the Washington D. C. headquarters of the National Geographic Society.

"Redoubt is not remote from the settled portions of Alaska, constitutes the bulletin. "But there close to the western shore of Cook inlet at the head of which is Anchorage, an important port on the Alaskan peninsula, recently constructed by the Federal Government this morning and in company of a steamer, the 'Coral' from Honolulu, for ships which can't take the bar. They are almost perfectly covered with snow-covered caps. Serve very well and can cover 100's of the famous Fujiyama of Japan. Redoubt forms, as far as is now known, the landward end of the long chain of volcanoes which stretches to the southwestward along the Aleutian Islands for more than 1,200 miles, all which have been spouting fire at intervals for hundreds of thousands of years."

### Mountain That Blow Their Heads Off!

"Although Redoubt has been for nearly 20 years showing only clouds of steam, those who have observed the volcanoes of the Alaskan chain are not reassured for these volcano's have a disconcerting way of blowing their heads off with all the warning. About 200 miles to the south, which is one of the chain that has long been dormant, exploded suddenly in 1912, constituting one of the dozen greatest eruptions of historic time. A scientific expedition sent to the crater by the National Geographic Society found that two cubic miles of mud had been blown from this previously inactive mountain. It was while making a study of Kamchatka that the society's expedition found that unique natural phenomenon, the Valley of Ten Thousand Snows. Augustus mosaic in Cook inlet less than 100 miles from Redoubt, and noted for its perfect cone, blew its top off suddenly in 1891, losing only a wedge of a lump. The whole Alaskan volcanic chain is a drift of violent action and it is always red and gray where the next outburst will occur."

### Change to Solve Stubborn Problems

"To scientists one of the significant features in connection with the existence of the extremely violent region in Alaska is the fact that it is situated where in the opinion of most it will be easily accessible for study. And there is much room for the study of volcanoes. Although volcanism was probably one of the first of natural phenomena to be observed, there is still no positive theory about which side has no cause factors. There is no one who can state why it is concentrated within definite areas from what depths the molten materials rise, and what it is that causes us to see so many of the problems about which there is so much speculation, but in regard to which few satisfactory theories exist."

"Tell tale rocks and types of rock show that the mountains of the Alaskan peninsula and the Aleutian Islands are older than either the Himalayas or the Alps systems which have probably been formed by volcanic action. It does not follow, however, that volcanic activity occurs generally throughout the Appalachians among the oldest mountains of the earth have no volcanoes."

### Newly Arrived Easter Gloves

The arrival of the newest silks gives a new meaning to the glove question to settle themselves for Spring. The following are the newest models:

At \$2.50—strap gauntlet gloves in crepe and mastic with wide cuff heightened by five rows of contrasting silk.

At \$3.25—gauntlet gloves with cuff like a driving glove edged with truly self Zacking.

At \$4.50—long tuck gloves in button Irish lace in silver and pongee. Four turns of silk below the elbow.

The greatest news we have for the majority of women this season is that they can outfit themselves for Easter—completely and satisfactorily—with paying more than \$25 for any single garment. It has been many a year since suits, and coats and dresses were so charming at so small a price. It has been many a year since Wright-Metzler Apparel Sections have been able to offer such peerless values.

### At \$25 Are Tweed Suits Practical and Smart.

No two of them are alike; they differ in color, in shape of lapels, in the material, in contrasting garment, in the variety of prints. Wright-Metzler Tweeds will never become common.

And they are now available in the best of taste no matter who you are that you will like. Spring wardrobe needs at least one of them. And you like it when they are so very reasonably priced.

### And Dresses Becoming to Both Miss and Matron

\$25 isn't supposed to bring you much in a frock—it does. A surprising amount of delicate color and style.

There are many styles to choose from, for instance that starts off from the shoulder and ends in a narrow strand of pleated material which swirls about the waist, leaving the arm practically bare from wrist to elbow. Merely one of pairs are dear to be found in a flock. At \$25.

The most trials are good quality Canton Crepe and light weight Taffeta. In such colors, mostly black, navy and brown. Crepe flock, lace, peacock blues and wide girdles. The flocked is trimmer with broad lace lace or French flowers.

### New Silks Give Promise of Bright Easter Costumes

Joy Prints—crepe fabric designed for skirts and blouses. Outfits bright figured with deep backgrounds. Combinations are: Rose Blue Sand-Rose Gold-Brocade M. Belvedere Dark \$2.75 per yd.
